The Spirit of '76

We, the thirteen colonies of Halifax Academy in these United States, hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness. That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, that whenever any form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute New Government, laying its foundation on such principles and organizing its power in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same object evidence a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.

From THE DECLARATION OF INDEPENDENCE

American Academy Centennial Celebration

"Child of our children's children yet unborn,
When on this yellow page you turn your eyes,
Where the brief record of this May-day morn
In phrase antique and faded letters lies,
How vague, how pale our flitting ghosts will rise!

"Yet in our veins the blood ran warm and red,
For us the fields were green, the skies were blue,
Though from our dust the spirit long has fled,
We lived, we loved, we toiled, we dreamed like you,
Smiled at our sires and thought how much we knew.

"Oh might our spirits for one hour return,
When the next century rounds its hundredth ring,
All the strange secrets it shall teach to learn,
To hear the larger truths its years shall bring,
Its wiser sages talk, its sweeter minstrels sing!"

And so—one stage of our life completed—we say goodby to Halifax Academy. Four years have left their natural outward and visible symbols upon us . . . we trust that those four years of friendly and democratic associations, of mental discipline, and of spiritual quickening have equally left those signs of an education in the American tradition that will become obvious only by their fruits: future vocational competence, patriotic citizenship, social understanding, and conscience. Each of us faces the immediate future in his own way; however, we all share a common bond. This class of Nineteen Hundred and Seventy-Six, more than any other, is dedicated to the United States of America, and we pledge ourselves to uphold the ideals of our nation throughout the rest of our lives.

In these past two hundred years, our great country has learned much about itself from its failures, struggles, and accomplishments. The United States of America faces the future with self-confidence in its ability to solve most of its problems. So it is with the Juniors at Halifax Academy. They, over the past three years, have met with a great many successes and failures; consequently, they are ready to cross the threshold of the supremacy that they will soon hold as Seniors. Just as our country's probity has served as a beacon to its people, so we hope the Class of Nineteen Hundred and Seventy-Seven will seek to set a good example to all of the underclassmen.

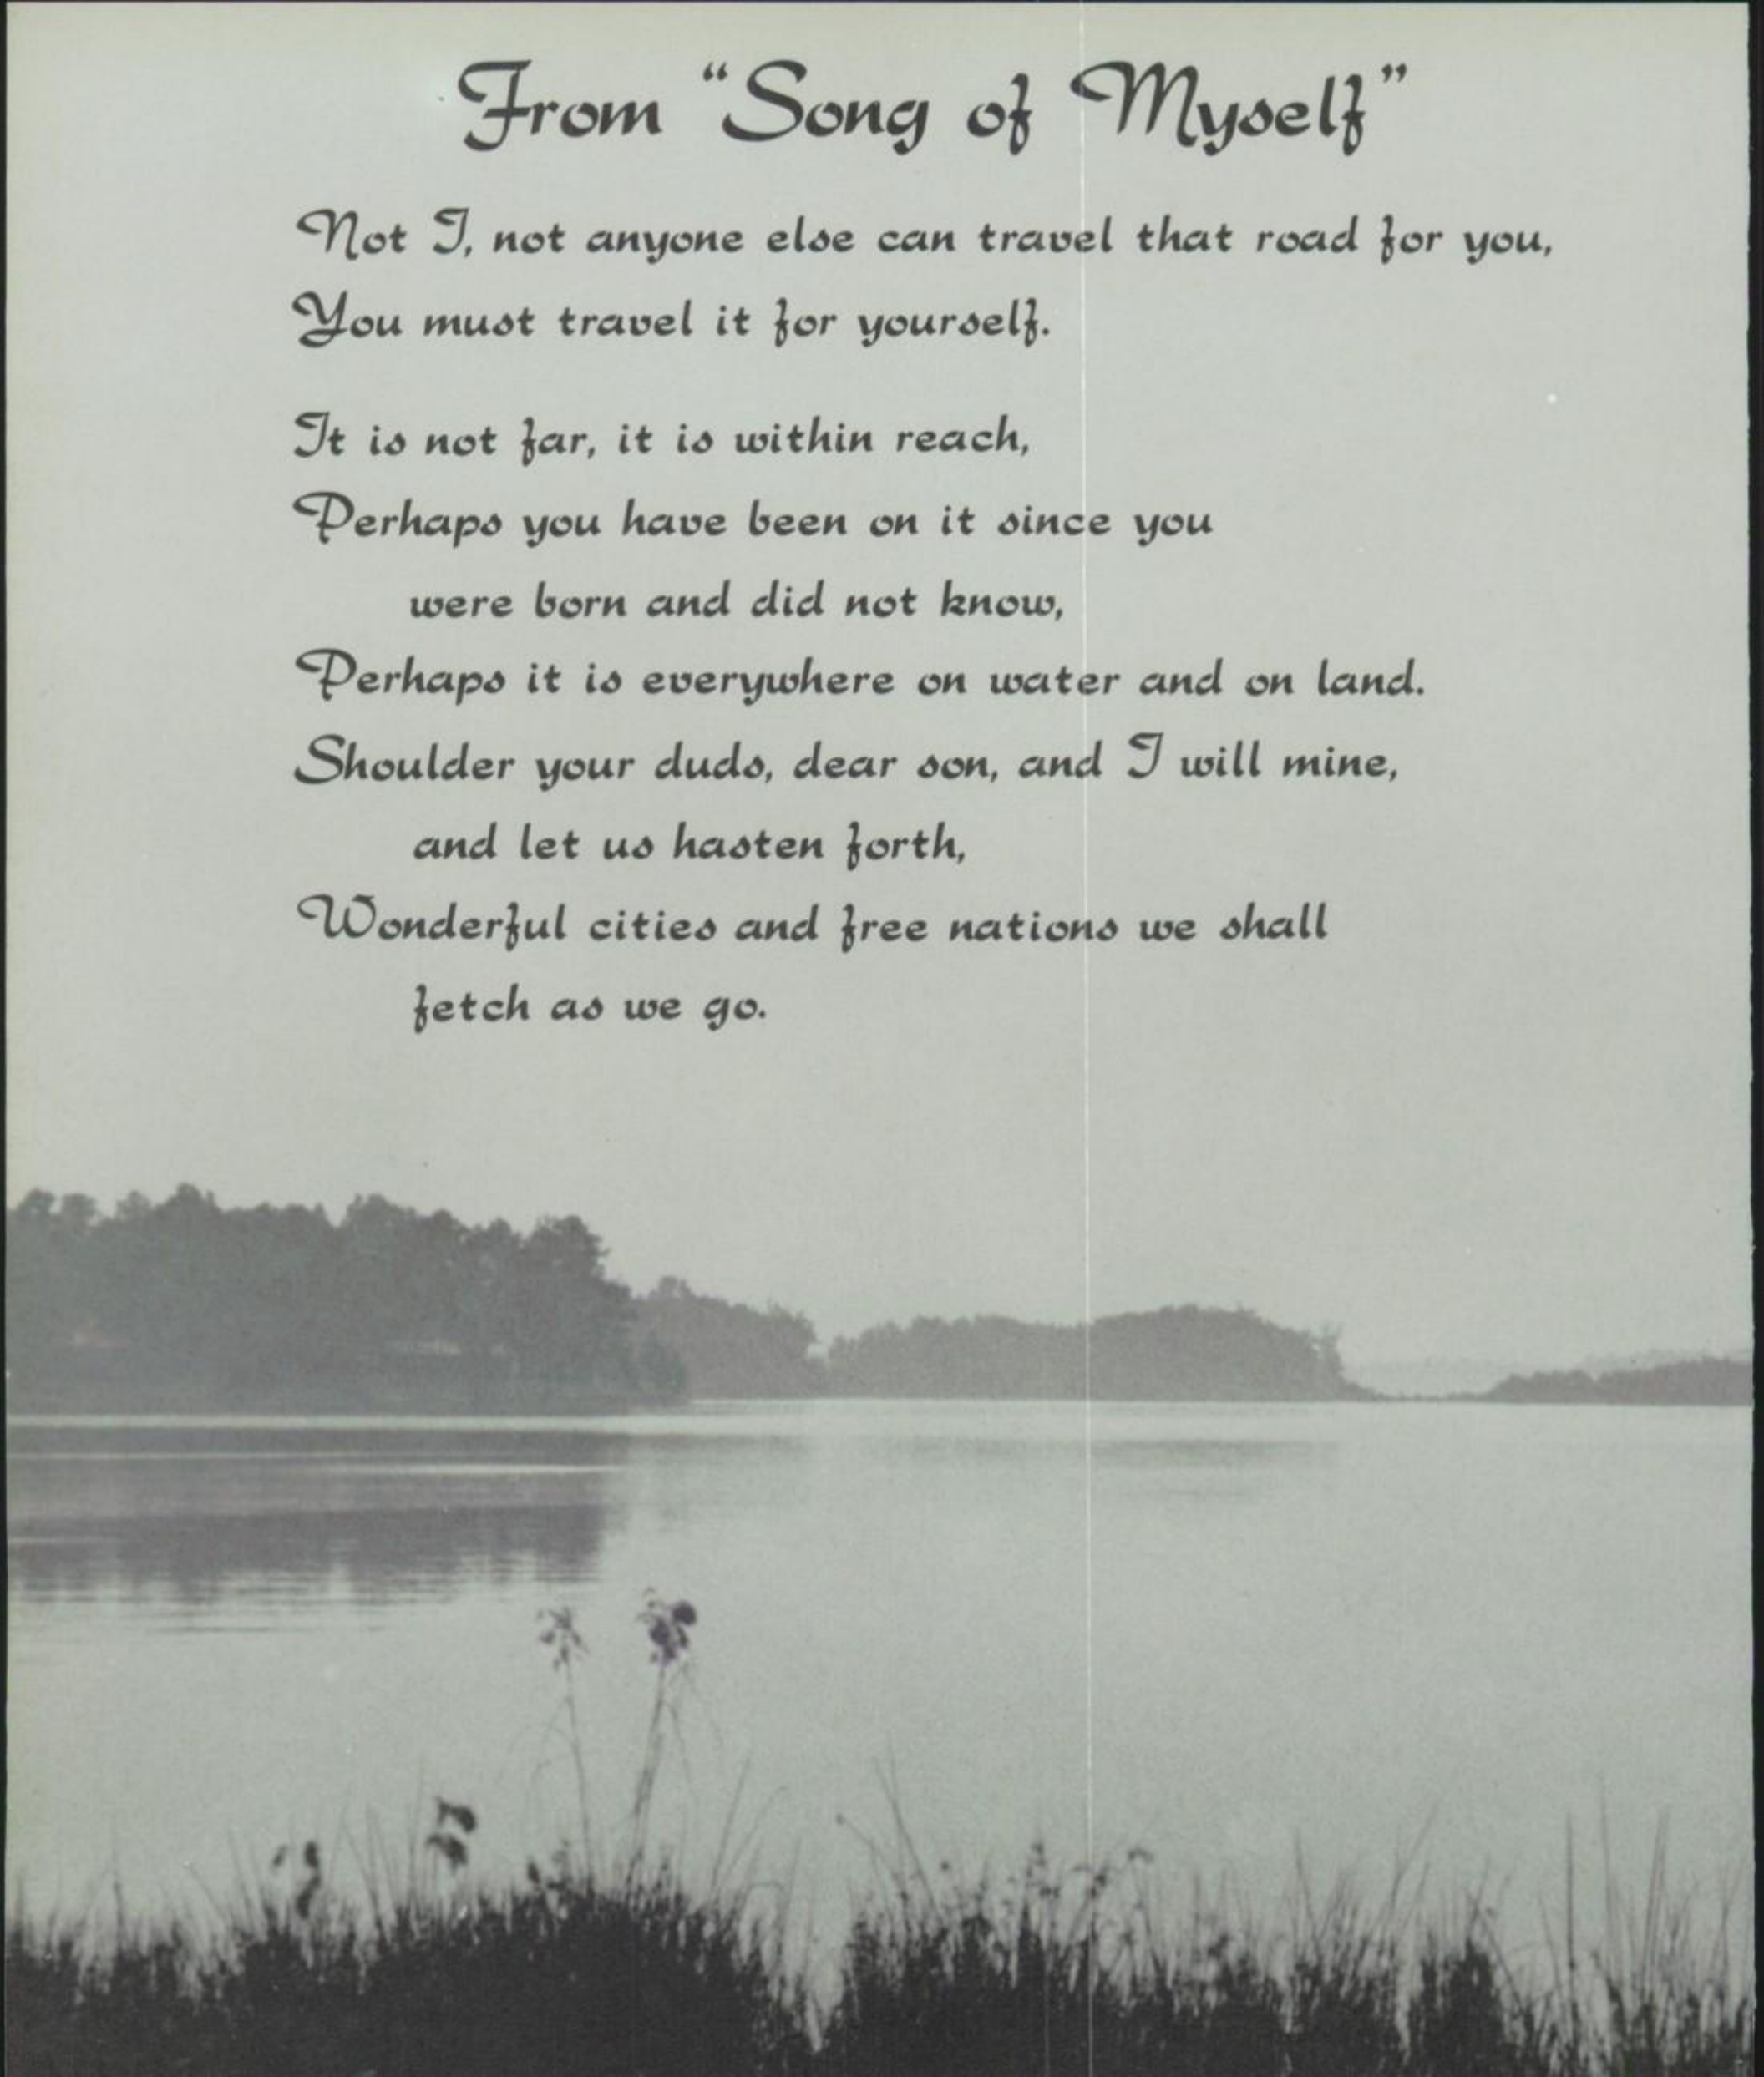
From "Song of Myself"

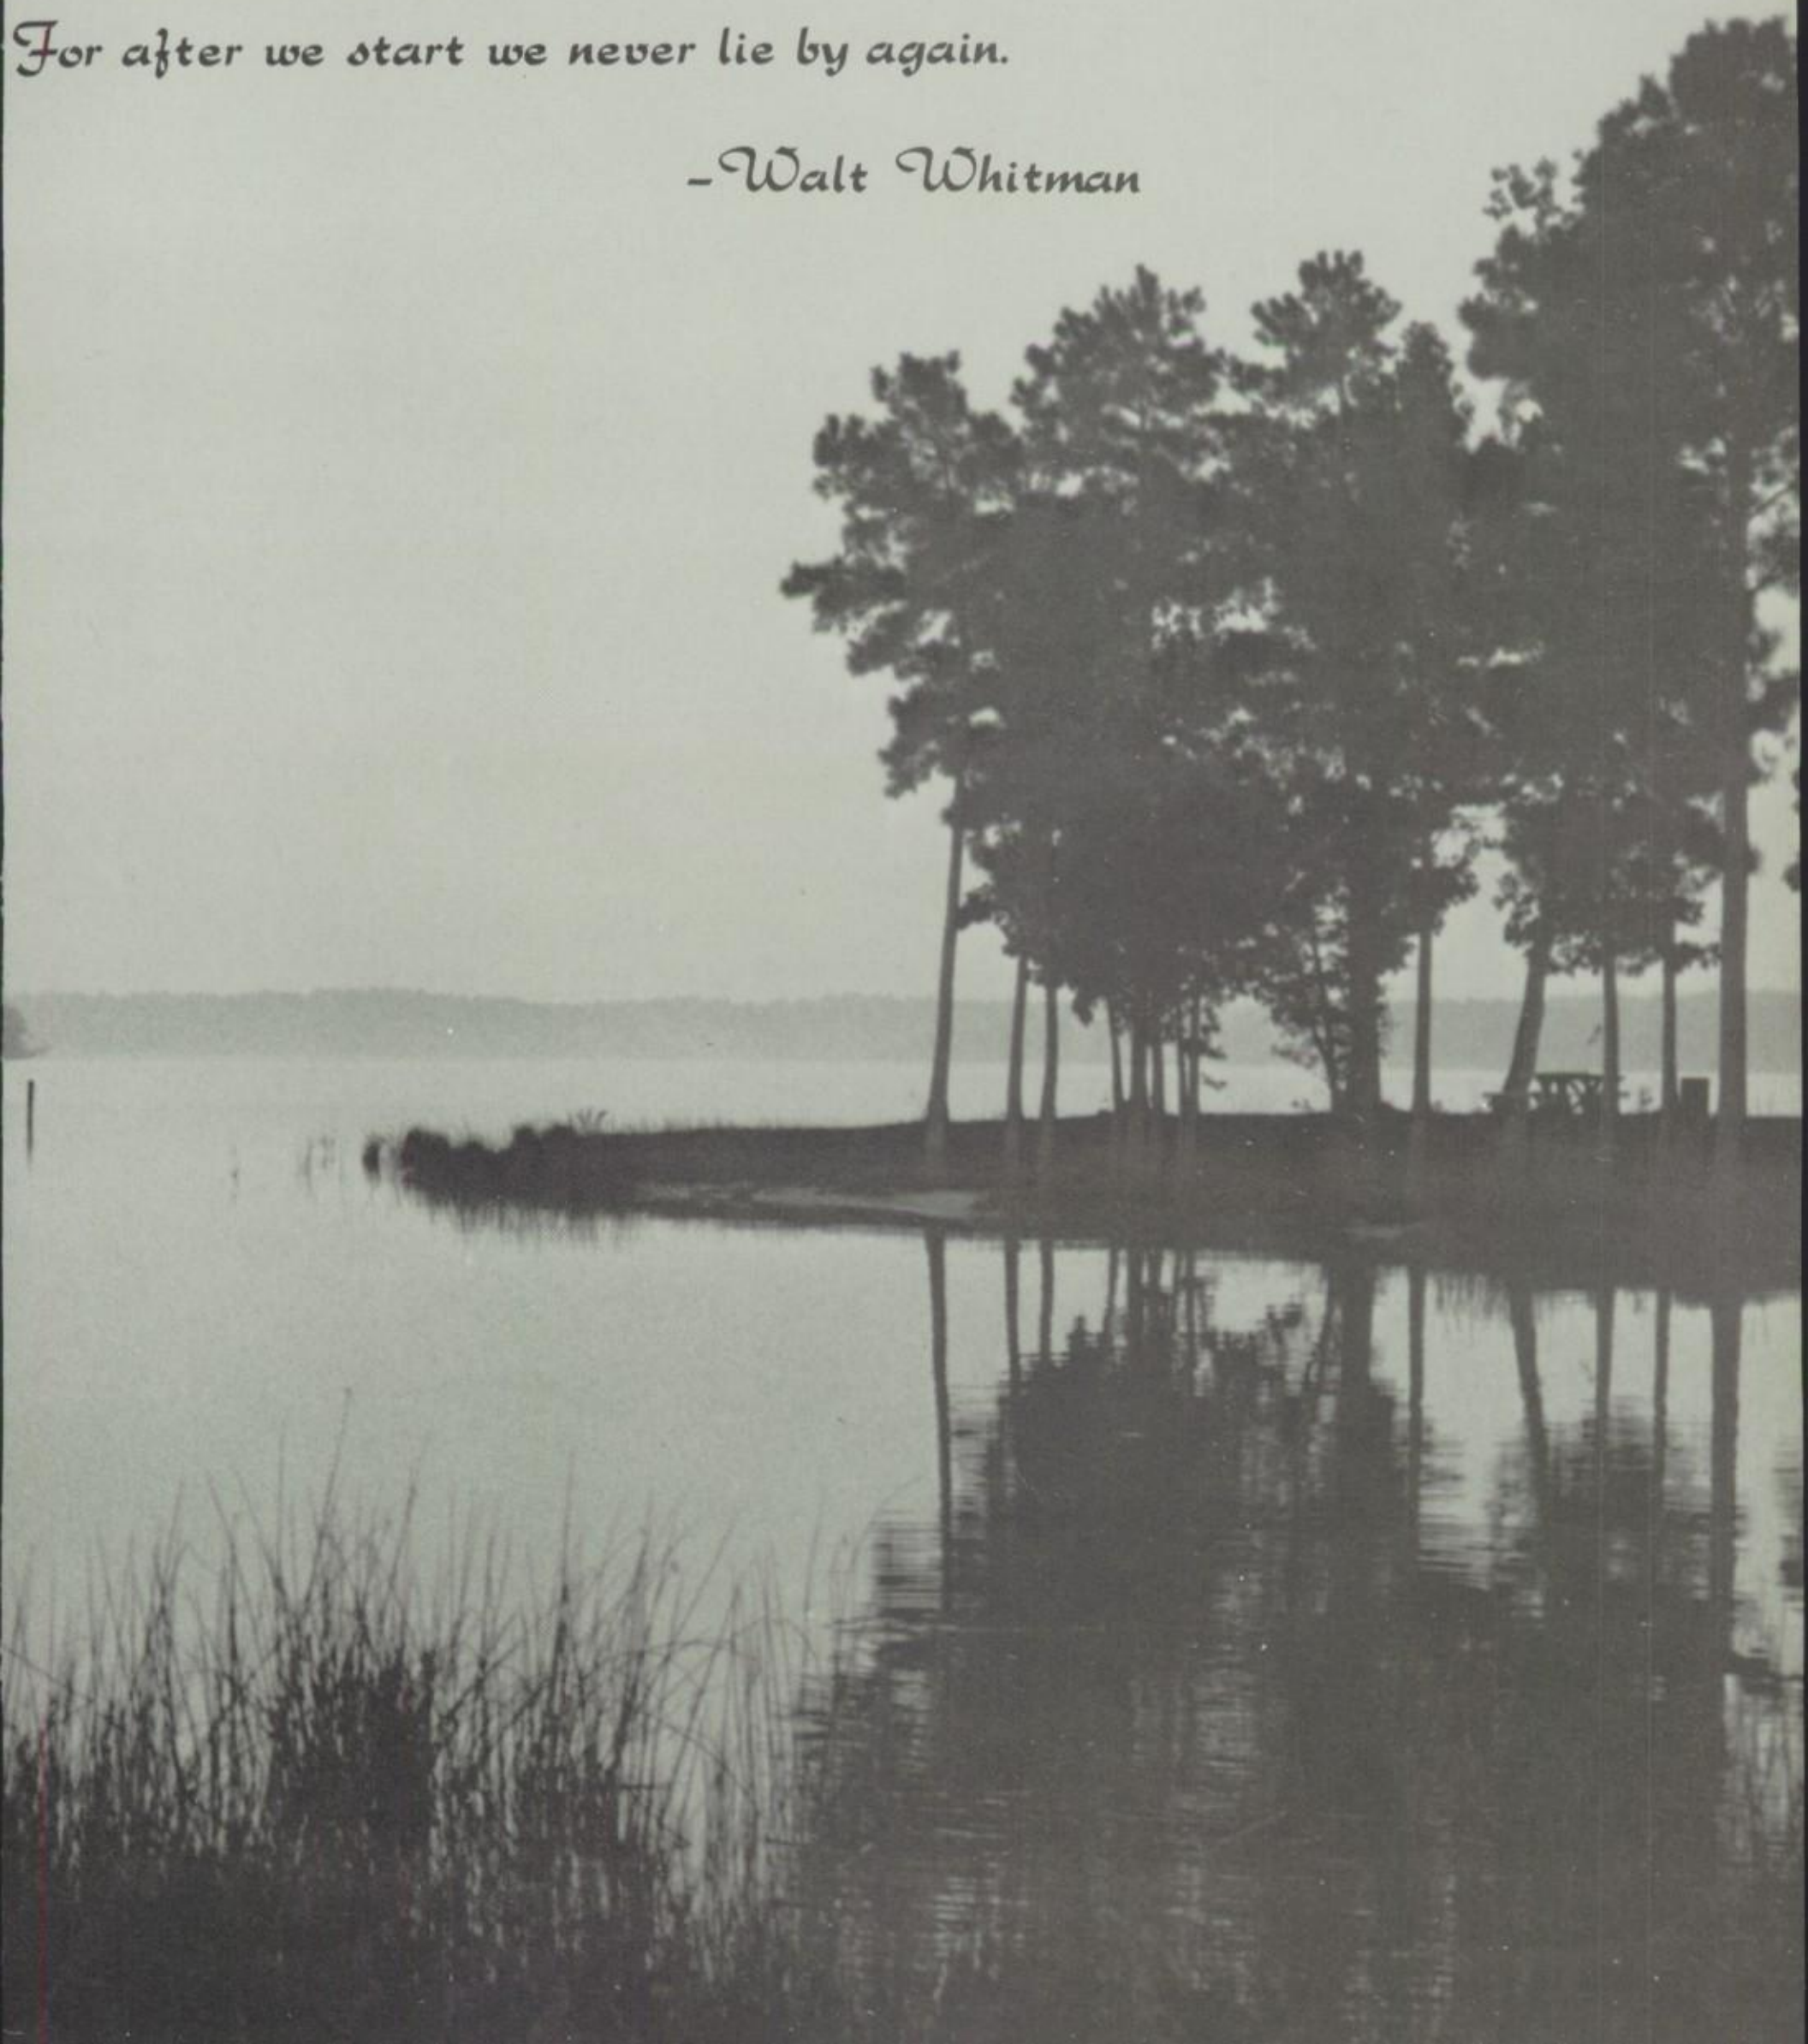
Not I, not anyone else can travel that road for you,
You must travel it for yourself.

It is not far, it is within reach,
Perhaps you have been on it since you
were born and did not know,
Perhaps it is everywhere on water and on land.
Shoulder your duds, dear son, and I will mine,
and let us hasten forth,
Wonderful cities and free nations we shall
fetch as we go.



If you tire, give me both burdens, and rest the
chuff of your hand on my hip,
And in due time you shall repay the same
service to me,
For after we start we never lie by again.

-Walt Whitman



Executive Branch

Mr. Billy Mayo is Halifax Academy's chief executive and chief of state. Organization and administration are first requisites for efficiency in any activity involving large numbers of people. Mr. Mayo has effectively enforced the laws of our school by utilizing excellent organization and administration. He has shown such constant energy and enthusiasm in his work that he has won our undivided admiration. We citizens are proud of the man under whose directions are all the activities and personnel of the school.

Judicial Branch

The Board of Trustees is the highest court of Halifax Academy. It interprets our laws if any question arises. The Board works in close association and cooperation with our chief executive, Mr. Mayo, to develop a private school system which provides the opportunity for each student to develop to his full potential and to become a citizen of great value to his town, state, and nation.

From "Each And All"

"All are needed by each one;
Nothing is fair or good alone.
I thought the sparrow's note from heaven,
Singing at dawn on the alder's bough;

I brought him home, in his nest, at even;
He sings the song, but it cheers not now,
For I did not bring home the river and
the sky;-
He sang to my ear,- -they sang to my eye."

The Student Government Association serves as the legislative branch of Halifax Academy. This branch consists of several agencies that perform administrative duties; make, repeal, and amend our laws; and appropriate funds for the use of our school. The SGA helps to establish a closer relationship between faculty and students and gives the members a sense of responsibility. This increased responsibility serves to make these people profitable citizens.

AMERICAN REVOLUTION BICENTENNIAL 1776-1976

We, the members of the Halifax Academy Annual Staff of 1976, have tried to present each and every student with a publication which shows how he has been molded into what he is as a result of the history of our country over the past 200 years. It is our fondest wish that this 1976 VOYAGER book is a faithful picture of life at Halifax Academy.

The main purpose of the Beta Club is to maintain and uphold the scholastic standing set by the school, and to be of service to it.

Each year the Club has the privilege of attending the District and State Conventions. It also sponsors an annual scholarship fund awarded to the two most deserving seniors.

Membership in the Beta Club is a merit, and it encourages students to use their greatest potential in training to become the leaders of tomorrow.

The Press

Viking Vibrations

It is said that Congress shall make no law abridging the freedom of the press. The press is in fact, our most important means of finding out about life in the high circles. Everyone at Halifax looks forward hungrily to the VIKING VIBRATIONS and devours all that it contains. First, everyone flips to the gossip column to see if their name appears. Then on to the jokes, student features, and sports.

There is a great deal of enjoyment in putting together the Halifax paper, and besides the memories, the staff members will receive profitable experience.

Patrons

'here could be no successful school year without the work
l help of the Patrons. These parents and friends of the
ool are always sponsoring one project or another.
jects vary from the Santa's Shop at Christmas and the
ketball and football concessions to the Spring and
loween Carnivals. We, the students, will be forever grate-
for the work and time they gave to the school.

From "The Building of the Ship"

"Thus," said he, "will we build this ship!"
Lay square the blocks upon the slip,
And follow well this plan of mine.
Choose the timbers with greatest care;
Of all that is unsound beware;

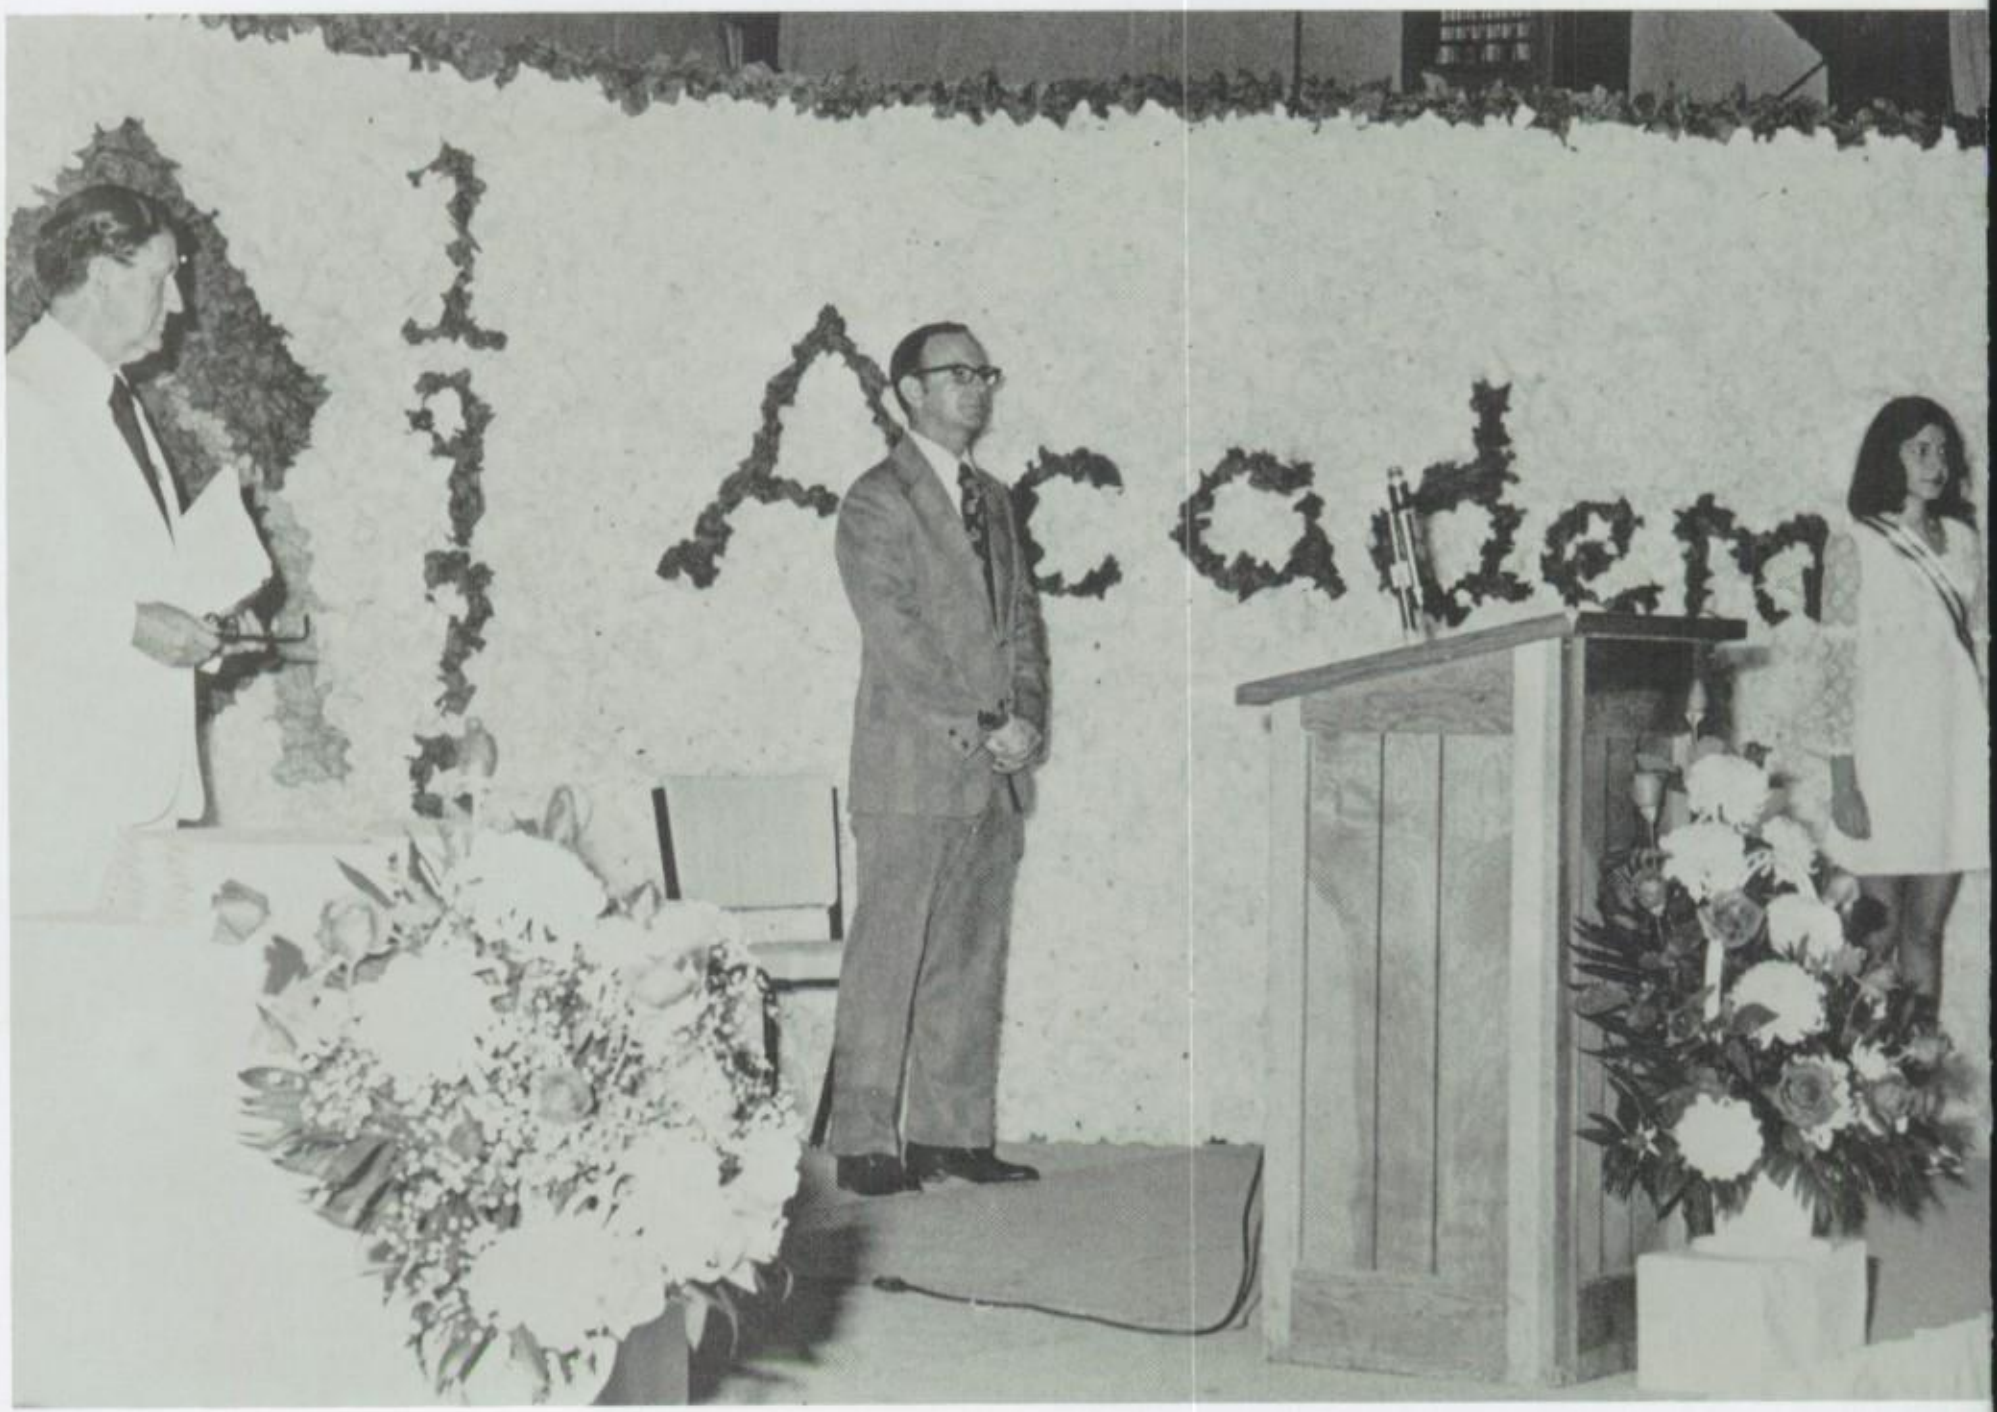
For only what is sound and strong
To this vessel shall belong.
Cedar of Maine and Georgia pine
Here together shall combine.
A goodly frame, and a goodly fame,
And the Union be her name.

--Henry Wadsworth Longfellow

Journey Into Tomorrow

In May, the Junior and Senior classes are trapped in the whirlwind of the most exciting of all internal affairs at Halifax—the creation of a successful Junior-Senior. At the dance, for once in the school year, the gym is really "dressed up." The girls' long dresses and the boys' tuxedos, the flash of camera bulbs, the tables along the wall, and the decorations all blend into one happy memory.

Graduation



One of the most joyful, but at the same time solemn, of all internal affairs here at Halifax is graduation. On Friday, May 30th, the class of 1975 received their diplomas. The graduation speaker was Congressman L. H. Fountain. Susan Page, as Valedictorian, and Cindy Little, as Salutatorian, both made speeches. Graduation is one of the most patriotic of all events and with its passing, the United States received citizens ready and willing to serve their country.

Homecoming

The Third Annual Homecoming was held on October 3rd, 1975. The preceding week was filled with decorating, skits by the cheerleaders, and a "fifties" day. On Homecoming night, the football team won their game with N. E. W. The victory was followed by the coronation of Miss Cynthia Strickland as Homecoming Queen. Her attendants were as follows: Senior attendants—Joanne Thanos, Debbie Owen, and Martha Oakley; Junior attendants—Patricia Jones and Brenda Copeland; Sophomore attendants—Gloria West and Donna Harris; Freshman attendants—Patricia Draper and Jo Ellen Crawley; Eighth grade attendant—Brenda Strickland; and Seventh grade attendant—Anne Stephenson.

A Word to the Indispensables

Without the people the government of the United States could not function. Without the parents there could be no Halifax Academy. These parents have given of themselves in order to ensure that our own democratic system here at Halifax will continue to produce citizens who can contribute much to our great nation.

This year marked the third straight winning season for the Vikings. The team ended with a 4-2 conference record and took runner-up honors. At one point in the season, Halifax sported a five-game winning streak.

Coach Marvin Lassiter employed good-conditioning, knowledge of fundamentals, and well-learned plays. In his three-year history, he compiled an 18-10 record, and carried his team to the State Play-offs.

A fine pair of co-captains, Mike McGreevy and Don Spragins helped build the team's morale and spirit.

Congratulations, team, on a fine season!

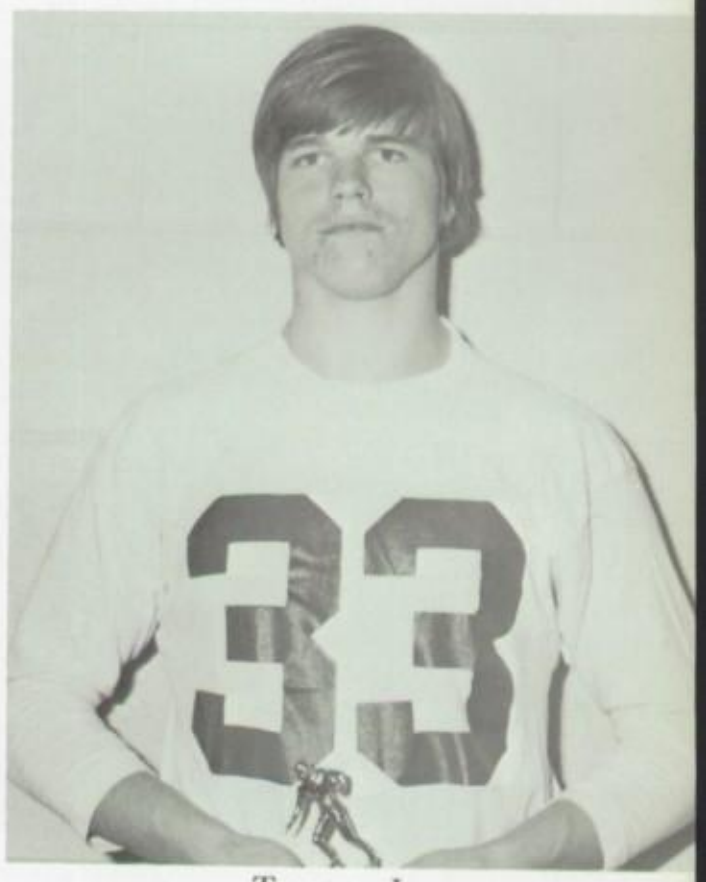
Dale Conner

Don Spragins



Tommy Jones

Dale Conner, a second year All-CAC winner, was a key player for Halifax this year. On ense, he gained more yards than any other back. That was 581 yards in 90 carries! He s able to do this with two injured ankles. Wasn't this a true mark of greatness?

Don Spragins, co-captain on the 1975 Vikings' team, played in the position Middle- backer on defense and Fullback on the offensive squad. He made All-CAC last season l did it again this year due to his aggressive play and leadership ability. Don will be grad- ing this year and his performance on the gridiron will be greatly missed.

Tommy Jones is the only player from Halifax ever to make All-CAC in his first season of y. On offense he was devastating, averaging 10.1 yards per carry at Halfback to lead the n. His hard hitting enabled him to play End position of defense. Tommy will be a ght spot in the Vikings' future.

Mike Inabinett is one of the best offensive lineman ever to dress out in a Halifax demy uniform. To be a strong and tough competitor, a lineman must be able to block open up the hole in the defensive line to enable the backs to get their yardage. A line- n is a team player and Mike Inabinett is just that.

Greg Nelson is the second lineman to make All-CAC from Halifax. His play was always % on both offense and defense. On his offense, Greg proved very versatile by opening s as a tackle and playing center early in the season. He was also a leader of the defense, king many tackles.

The Halifax Academy Varsity Boys finished the '75- season with a 10-4 conference record and became the runn up in the regular season championship. The Vikings once m displayed teamwork, team spirit, determination to win, and around athletic ability.

The team ran many defensive and offensive sets. Many players made the bench very strong this year. Quentin Greg was high scorer for the team. Dean Edwards had the high shooting percentage from the floor. Don Spragins and G Nelson served as excellent centers for the team. Dale Con and Gene Cobb were fine ball-handlers. Mike McGreevy w hot shooter from the outside.

Coach George Alston is to be congratulated on his succes season.

The Vikings should show great momentum in the State P offs.

Our Dedication

As we step into the third century of independence of this Bicentennial year, the Annual Staff finds it most fitting to dedicate the 1976 Voyager to the United States of America, in honor of the country's past, present, and future.

It is said that in order for a free people to remain free, it must continually re-examine itself. Consequently the staff anticipates that upon perusal of this book, each of you will see the value of giving every aspect of our national life the serious attention it deserves.

As for the future of the United States, consider this message from Oliver Wendell Holmes: "... we must sail sometimes with the wind and sometimes against it–but we must sail, and not drift, nor lie at anchor."

Our dedication, then, is as broad as America, and as immediate as our own lives.

Public Relations

From "The Tuft of Flowers"

The butterfly and I had lit upon,
Nevertheless, a message from the dawn,

That made me hear the wakening birds around
And hear his long scythe whispering to the ground

And feel a spirit kindred to my own,
So that henceforth I worked no more alone;

But, glad with him, I worked as with his aid
And, weary, sought at noon with him the shade

And, dreaming, as it were, held brotherly speech
With one whose thought I had not hoped to reach.

"Men work together," I told him from the heart,
"Whether they work together or apart."

Why Don't You Consider A Career In The

Pulp and Paper Industry?

One of the most important decisions you will ever make is how you will spend your working years.

The pulp and paper industry is one of the oldest and most essential of all industries. Paper was discovered more than two centuries ago by the ancient Chinese.

It is now in the top 10 industries in the United States. Experts predict that paper production in this country will at least double in the next 25 years.

Your choice of a specific field within the paper industry is virtually unlimited. An increasing need exists for better personnel at all levels.

I have enjoyed taking music this year, and looking forward to it next year.

Susan
Myrick

To the nicest music teacher I ever had.

Yvonne

To the nicest teacher I have ever had. Hope to take next year!

Love, your student
Mary D.

To ~~one of~~ my favorite teacher under my favorite subject. (Music) It's the only thing I do good at. I have enjoyed this year very much. See you next year. Wish me luck in the recital! I'll need it.

Love
Melissa Best

To the nicest teacher I have ever had

Love your student

To a wonderful teacher, who I think all of. I'm looking forward to next year too. I know you're glad to be getting away from us "Brats" (Ha-Ha) But I'll never forget all the great talks we've had, and how much you've helped me. Thank you so much

Very much love always,
Kelly

To a wonderful teacher.

Dawn
Lee

Mrs. Newell,

Where do I begin?

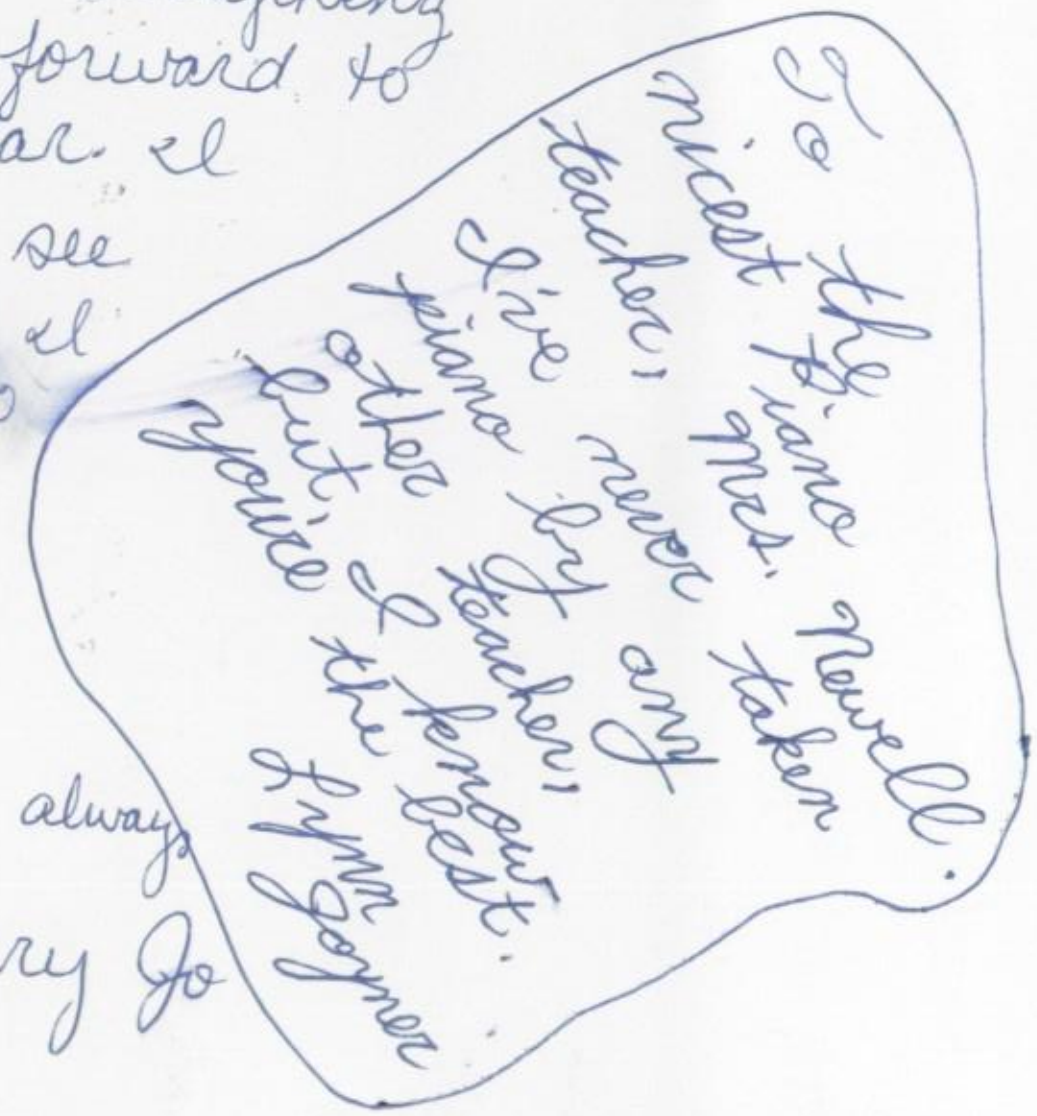
Honestly, you are the greatest music teacher I could ever have! One thing I don't understand is how you keep your patience up with all of us little "pests". Thanks for everything and I am looking forward to taking music next year. I hope I can come to see you this summer and I also hope some day to see your cats!

Thanks again for being a wonderful music teacher!

Love ya always,

Mary Jo

P.S. Maybe one of these days we can get a new piano!



Mrs Newell,

I've really had fun at music this year. I'm also glad I'm taking DGV. I'll tell about DGV I know I'll like it. Like killing me sometimes but I'll be glad you didn't give up on me. I'll be sad I won't be here next summer. I'll look forward to hearing me to see y'all.

Love ya always,

Denise

Mrs. Newell,
These have been
3 great years. I've really
learned a lot from you.
How can you stand me?
You are a really sweet
teacher. I hope to know
you for a long time
to come. I'd love to visit
you sometimes. Come to see
me! Maybe we'll chip in.
and get you a good piano.

Love always,
Susan Seake

P.S. I'll learn my
solo next year.
(I hope!)

P.P.S. Bring your nephew here soon!!!!

To a very wonderful
music teacher. Have a
very nice summer &
Don't work "Mr Newell"
too hard okay. just
kidding. You take care
of your self & I'll see
you next year.
Maybe - I'll see you
this summer who
knows. Well I don't
want to take a
whole page. So I'll
see you soon

love always

Bruce.

P.S. I Have enjoyed
taking music fro
you for the la
5 years.
Bruce

Mrs. Newell,
It has been really
great taking music from you
these past 3 years. You are the
best music teacher I have
ever had. (at least better than
Mrs. Willcox) I hope I can
take again next year. It has
been a pleasure taking piano
from a terrific person like you.
Well, I'll see nothing more to say,
so enjoy life to the utmost, and
I'll be seeing you around. Take care,
and may God bless you throughout
your life. Maybe I can get Twinkie
& Greta to come see you this Summer.
P.S. Jere Newell said
Mr. Newell said come see you this Summer.
and bring
Liz, Thomas to see
me!!! (and me, BJ!)

Love always.
Sarah Shepard

Dear Mrs. Newell,

It's been a long time since those days when I came for music lessons at Mr. Wilson's house. (All those times when I was barely tall enough to see over the keyboard.) Your friendly smile and kind ways have always meant a lot to me. You and Mr. Newell will have to come to see me in Raleigh next year at (what Mr. Newell calls) "Cow College."

Love always,

Tony Hawkins
